Total Hours to complete the degree program = 128

*These required courses can be taken without being admitted to the Aerospace Engineering major program.

†CSE 1222 (3 credit hours) can substitute for ENGR/CSE 1221.

‡CHEM 1210 can substitute for CHEM 1250

Courses in **bold face** are only offered during the listed term

All students must satisfy a 30 credit hour minimum for math and basic sciences. Students with high math or science placements and transfer students without credit for lower courses should consult with the MAE Undergraduate Academic Advisors to ensure this minimum is met. Such students may be required to take extra coursework to meet graduation requirements.

Acceptance Criteria

Acceptance into this program is based on a holistic review of the student's record including an essay. Admission to major is considered only after a student has taken at least 12 credit hours of letter grade in their undergraduate career at OSU and have completed or are in progress for the following courses: MATH 1151, 1172; ENGR 1181, 1182; PHYSICS 1250, (or their equivalents).

Applications are accepted Autumn and Spring semester ONLY.

Technical and Other Electives

Please contact an MAE Undergraduate Academic Advisor for information about Technical Elective options.
