THE OHIO STATE UNIVERSITY

Doctoral Course Plan
Mechanical Engineering

The Graduate School at The Ohio State University specifies that at least 80 graduate credit hours are required for a Doctoral Degree. Please complete the information below and list the courses you plan to use to fulfill your degree requirements.

- *The requirements below are only minimums. Advisors can require additional coursework beyond the minimum.*
- *Courses counted toward the coursework requirements must be letter graded (A-E).*
- *In order to count toward your degree, courses taken outside of Engineering, Natural and Mathematical Sciences, or Medicine must be approved by your advisor and the Graduate Studies Committee via a MAE program petition.*
- *Designate your math course with (M).*
- *Include any graduate courses transferred from other institutions and designate them with (T). If you have a Master's degree at Ohio State or elsewhere, it can be entered as a lump sum of 30 hours in the table below.*
- *Once your course plan has been completed and signed by your advisor, please submit it online at http://go.osu.edu/mae-gsmn.*
