THE OHIO STATE UNIVERSITY

Doctoral Course Plan
Mechanical Engineering

The Graduate School at The Ohio State University specifies that at least 80 total earned hours are required for a Doctoral Degree. Please complete the information below and list the courses you plan to use to fulfill your degree requirements.

- *The requirements below are only minimums. Your Faculty Advisor can require additional coursework beyond the minimum.*
- *Courses counted toward the coursework requirements must be letter graded (A-E). Students must earn a grade of C or higher for any courses completed after Autumn semester 2017.*
- *In order to count toward your degree, courses taken outside of Engineering, Natural and Mathematical Sciences, or Medicine must be approved by your advisor and the Graduate Studies Committee via a MAE program petition.*
- *Designate your math course with an 'M' in the Special Designations column.*
- *Include any graduate courses transferred from other institutions and identify them with a 'T' in Special Designations column. Ohio State's coursework requirements must still be met, but approved transfer credits can count toward those requirements.*
