This year’s donor honor roll recognizes contributors to the mechanical, aerospace and nuclear engineering programs within the Department of Mechanical and Aerospace Engineering from December 1, 2010 through November 30, 2011. Gift amounts for individuals include corporate matching funds received in same time period, as well as gift credit from other individuals, trusts and corporations. Degrees from the Department of Mechanical and Aerospace Engineering at The Ohio State University have been recognized in the list below and an * indicates deceased donors.

The list also highlights those donors who have moved up to a new giving category by making their names red and boldface; additionally, new donors to the Department have been highlighted with black and boldface text. Every effort has been made to be as accurate and complete as possible. Donations pledged in calendar year 2011 after November 30, 2011 will be reported on the 2012 Donor Honor Roll. Please bring any discrepancies, questions or concerns to our attention by contacting Debbie Schroeder (schroeder.468@osu.edu, include the word “correction” in the subject line) at 614-247-7297.
